

Indoor air space sanitiser for your **Home** or **Office**

How to Install AirClean Sanitisers for Ducted Systems

- 1 Turn the air conditioner off.
- 2 Open air conditioning air grille.
- 3 Fit clamp in the return air box of the air conditioning system.
- 4 Remove the desired number of red plugs from the lid of the AirClean Sanitiser tub.
- 5 Place AirClean Sanitiser gel tub in clamp holder.
- 6 Close air conditioning grille.
- 7 Turn the air conditioner back on.
